1. This was a quality CME activity and met the following objectives:				
• Understand the main issues presented by parents, medical providers, and others involved with providing vaccines to children of vaccine hesitant parents;				
• Address concerns that are presented and provide data that enhances administration of vaccines along recommended guidelines;				
• Encourage dialogue in settings that support parents' medical education on averting vaccine preventable diseases.				
2. This CME activity will favorably influence my ability to practice medicine as a leader, teacher or researcher.				
3. The program clearly indicated whether or not this CME activity received commercial support.				
4. I observed no overall commercial bias in this educational session.				
5. I would definitely recommend this CME activity to my colleagues.
