1. This was a quality CME activity and met the following objectives:				
Participants will be able to:				
• Explain recent changes in autism diagnosis;				
• Address the needs of children with atypical features who have aged-out of many autism screening instruments;				
• Respond to parent concerns regarding autism spectrum disorder;				
• Support families when a child receives a formal diagnosis of autism spectrum disorder.				
2. This CME activity will favorably influence my ability to practice medicine as a leader, teacher or researcher.				
3. The program clearly indicated whether or not this CME activity received commercial support.				
4. I observed no overall commercial bias in this educational session.				
5. I would definitely recommend this CME activity to my colleagues.
